Dear Mr. Dallaire:

RE: Couleal Containers

This is further to our letter dated January 9, 2009 and in reference to your letter of November 07, 2008 regarding a submission from WHS Enterprises Ltd. They requested our comments on the acceptability of subject containers for use in direct food contact applications. This also has reference to your email of October 31, 2012, requesting the status of the subject products.

These containers are intended for packaging whole fish, fish filets, fruit and berries under the following conditions:

- Food products will be packaged under fresh or chilled conditions.
- Packaged food will be processed at ambient temperature for a maximum exposure time of 30 minutes.
- Packaged food will be kept frozen.

Based on the information provided, we can advise that we see no reason to object to the use of the subject products as proposed, provided that they are technically suitable for the intended use.

Yours truly,

Aloys Muhawenimana, Ph.D.

This will acknowledge your submission dated 2008/10/28, concerning the aforementioned packaging materials for which you have requested acceptance for use in food processing facilities.

Nous accusons réception de votre soumission datée du 2008/10/28, concernant les matériaux d'emballage cités en rubrique pour lesquels vous demandez une acceptation pour utilisation dans les établissements de transformation alimentaire.

Based on the available information, no objection will be taken to the use of the above mentioned packaging materials, provided their use meet with the conditions outlined in the letter of non-objection from Health Canada dated 2012/11/02. See attached.

Sur la base des informations disponibles, nous n'avons aucune objection à l'utilisation des matériaux d'emballage ci-haut mentionnés, pourvu que leur utilisation rencontre les exigences de la lettre de non-objection de Santé Canada datée du 2012/11/02. Voir ci-jointe.

The acceptance of these packaging materials will depend upon its continued acceptability to all concerned.

L'acceptation de ces matériaux d'emballage sera conditionnelle à la satisfaction de toutes les parties intéressées.
